**REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the specific limitations of "a rotary shaft ... the shaft hole of the rotary shaft" in the combination as claimed in claim 1 are not anticipated nor made obvious by the prior art of record in the examiner's opinion. For example, Lin'6,752,704 discloses a grinder with easily installable/detachable grinding disc comprising: a) a main body 22; b) a rotary switch 50 mounted on main body 22; c) a linking device 60.

Fig. 2

However, the prior art of record fails to provide or suggest the specific limitations of "a rotary shaft ... the shaft hole of the rotary shaft" in the combination as claimed in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
